## About Me

### Bio

I have been studying acting since I was in 7th grade and it has been my motivation to pursue multiple goals in life with other people and myself. I am currently studying at HB Studio to further enhance my craft. I want to be the actor that makes a difference in people's lives, someone that people can relate to and hopefully be inspired by like the way I've been inspired everyday knowing that I'm an actor and with that I can fully appreciate and live life moment to moment.
