

## CLEARASIL

While you're watching three days are passing. And my skin's clearing up right before your eyes. With this brand new stuff. Clearasil Ultra.

When they chose me, I thought who wants to look at my zits. Yuck. But they told me Clearasil Ultra's guaranteed to help make skin clearer by day 3. Now its day 2 and look! My chin didn't break out. And there's day 3. It even worked on that zit on my nose. You know, the one you couldn't stop staring at. Well, OK! New Clearasil Ultra. Clearer skin before your very eyes.
