

## **FOSTER CARE**

Hi, my name is Louis -- and I'm a very lucky guy.

Because I had great parents – foster parents.

They showed me that love can really turn a kid's life around.

If you think you're a pretty good parent, and there's room in your heart for a boy or girl who needs a home, think about becoming a foster parent.

Every month you will get money to pay for clothes and food – but it's more than that.

Here I am putting myself through college. But no matter how far I get in this world, I'll never forget what my foster parents did for me.

Don't wait another day. Call 212-675-1000 and help foster a better world.
