

Popeyes Chicken

ANNIE:

Let's get right down to the meat of the matter shall we? I'm sorry did I introduce myself. Sometimes I forget. My name is Annie...I am the chicken queen. That's all you need to know about me. This is what I know about you. You loooooove my chicken. You eat my chicken as often as you can because you have been a fan of Popeyes Bonafide chicken since you were 'bout the size of a peanut. Am I right? Of course I am. Okay I'm gonna cut the small talk here and get down to business. Two pieces of Popeyes chicken and a biscuit for a dollar ninety nine. Have you ever heard of such nonsense? I don't know what they're thinkin'.
