

**ICEHOUSE LIGHT**

**Remember in "Bewitched" when they switched Darrens and thought no-one would notice?**

**Some beer companies do the same thing:**

**They water down their regular beers and try to pass 'em off as light beers.**

**Yeah, there are some sick, sick individuals out there.**

**Icehouse Light is brewed, so there's never any watered-down taste.**

**Icehouse Light.**

**Drinks like a light, tastes like a beer.**
