

INT. GALWEATHER STERN - BULLPEN - DAY

Doug looks around a bit nervously before secretly leaving a small bag of STAR WARS GUMMY BEARS on a desk. He turns to leave bumping right into the desk's occupant... CELIA. Everygirl pretty and slightly younger.

CELIA

Doug.

DOUG

Celia.

(formally extending his hand)

Doug Guggenheim.

CELIA

Um... I know you're Doug, Doug.

She sits down at her desk. Becomes pre-occupied with business stuff. Doug lingers.

DOUG

Of course you do. Just like I know you're Celia. Doug and Celia. Celia and Doug. Just working here at Galweather. Knowing each others names.

CELIA

And social security numbers.

DOUG

Home addresses. Coffee orders.

CELIA

I'm kidding.

DOUG

Me too. I kid. All the time.

She notices her cell phone. Picks it up, annoyed.

CELIA

(re: her cell phone)

Shit.

DOUG

What shit? Me shit? I can go away.

CELIA

Phone shit. Boyfriend.

DOUG
(sotto)
Shit.

CELIA
Actually ex-boyfriend. Blowing up
my phone. I told him we're done.
Over. He just keeps calling and
tweeting.

She picks up the bag of gummy bears. Opens. Eats. Doug
notices, eyes trained on her eating. It's turning him on.

CELIA (CONT'D)
Wanna know something? These gummy
bears are from my admirer.

DOUG
Noooo.

CELIA
Yep. Yesterday I got craisins. I
love craisins. So my ex boyfriend
can go suck it. Of course he
probably did that before he stuck
his chocolate in my roommate's
peanut butter. You know I mean...
Of course you do. What kind of
douchebag does that? Oh, I know,
guys I date. All guys I date
suck... except "craisin guy."

DOUG
Um... so you're gonna date "craisin
guy?"

CELIA
Nope. He'd probably screw my
roommate too.

DOUG
Maybe he wouldn't. He'd stay home
with you and eat craisins.

CELIA
Nope. My roommate's pretty hot.

DOUG
You're hot. I mean, pretty. I
mean, you're pretty hot yourself,
Celia.

She laughs. Charmed but still oblivious to his sincerity.

CELIA

Wow, you really are a nice guy
left. I should sell you on e-bay.
So what can I get for you Doug
Guggenheim? Or were you just
trolling my desk for the new
Galweather pens.

DOUG

Pens. Yes. I need lots of pens.

CELIA

O-kay. I've got a whole box right
here.
